Dear Clovelly Precinct,

Clovelly Precinct Meeting 1 May 2017

Thank you for the minutes of this meeting of the Clovelly Precinct. The Council notes the contents of these minutes and I am able to provide you with the following information in response to resolutions of the meeting.

Resolution: ANZAC Day at Clovelly Hotel

Council's Coordinator Regulatory Projects, Mr Allan Graham discussed the issues raised by the Clovelly Precinct with Eastern Beaches Licensing Police who commented that there was a large crowd in attendance at the Hotel and that the Hotel managed the day very well. Barricades were used to keep patrons queuing to enter the Hotel from straying onto the roadway. Police informed Mr Graham that the barricades did not create an obstacle for traffic otherwise they would have been removed and that they did not observe patrons from the Hotel drinking on the roadway.

Mr Graham also contact the Management of the Clovelly Hotel and invited them to attend a Clovelly Precinct meeting. The Hotel Management have confirmed they will attend the precinct meeting on 7 August 2017.

The precinct's concerns regarding traffic management issues on the day have been forwarded to Council's Integrated Transport team to investigate.

Resolution: Park area between Walker Ave and Melrose Parade

The Precinct's suggestion has been forwarded to Council's Coordinator Open Space Assets for consideration.

Resolution: Palm tree planting along Clovelly Road median strip

The precinct's resolution was also submitted to Council as a suggestion for the 2017-18 Draft Operational Plan and Budget. The precinct is advised that planting trees on the embankment north of Clovelly Road is not supported by Council. Planting trees within the median strip will create a road safety hazard for vehicles as it is narrow and will have impacts on views for nearby residents.

Resolution: Vertical stairs in Clovelly pool

Due to the location and available area surrounding the pool, the only feasible location to locate any steps would be at the eastern end. However, the placement of steps at the end of the pool will compromise its use as a lap pool.

The Clovelly Surf Life Saving Club uses this pool for training. On this basis, this request and previous requests for this work are not supported by Council.

A new ladder was installed in recognition of the need to improve access subject to the constraints listed above.

Yours faithfully,

Amanda Mather
Precinct Coordinator
