

# Beach Couture

A Haute Mess

27 March –  
2 August 2020

**FREE ENTRY**

To complement the 'making do' themes of Happy Valley, this small show features a selection of amazing gowns and costumes made from beach trash! Artist Marina DeBris began collecting trash as part of a growing concern about the health of our oceans, from which she has created stunning high fashion. The Museum will be hosting DeBris' creations as part of a national tour. Not to be missed!
