

# Precinct resolution

**PRECINCT:** Bays and Beaches Precinct      **EMAIL:** baysbeaches@gmail.com

**MEETING DATE:** 27 March 2023      **FILE:** F2021/08210

**ACTIONED TO:** Stella Agagiotis, Manager Strategic Planning

**RESOLUTION NUMBER:** 27032023(1)

---

## Resolution:

That the meeting conveys to Randwick Council it's disapproval for the building of the wharf

---

## Council response:

Council's submission on the exhibited Environmental Impacts Statement on the project provided to TfNSW in August 2021 raised issues and concerns regarding visitor management, parking and potential damage to the marine biodiversity from the project and Council requested that these impacts be mitigated. The precinct committee should have received a copy of this submission.

The State Significant Infrastructure Project was approved by the NSW Planning Minister 21st July 2022. Despite approval being issued, on 28 March 2023 Council resolved to write to the NSW Premier the Hon. Chris Minns MP, requesting that the TfNSW Kamay Ferry Wharves project, not proceed given identified direct and indirect impacts of the proposal.

Please see attached for a copy of this letter.
