Coogee Precinct	Scott,	Precinct	17/25	30/25 - legal situation of fishers using beach

Status of Resolutions as at 17/12/25

Committee	Duncan	Resolution
20/10/2025		

RESOLUTION (Committee) That Council advise Precinct on legal situation of fishers using the beach.

COMMENTS:09 Nov 2025 9:32am Scott, Duncan - Email

Dear Coogee Precinct Committee,,Thank you for your inquiry regarding the legal situation of fishers using Coogee Beach.,,Council advises that recreational fishing is regulated by the NSW Government Department of Primary Industries (Fisheries). The Coogee to Bronte Aquatic Reserve has the following fishing closures: It is prohibited to collect cunjevoi and any other marine invertebrates except abalone and eastern and southern rock lobster. Marine vegetation cannot be collected except for sea lettuce and bait weed. Spearfishing is prohibited between the northern headland of Clovelly Bay and the southern headland of Gordons Bay. Taking eastern blue groper (also known as blue, brown or red groper) by any method is prohibited in NSW waters.,,Fishing is permitted on Coogee Beach except in the area between the red and yellow flags which is reserved for swimmers and managed by Council Lifeguards.,,We trust this clarifies the matter. Please let us know if you require any further information.,

Coogee Precinct Committee 15/09/2025	Scott, Duncan	Precinct Resolution	150547/25	Resolution 25/25 - towing cars across residential driveways
RESOLUTION (Committee) That Council investigate the ability of Council to authorise the towing away cars blocking residential driveways.				
<p style="text-align: center;">COMMENTS:13 Oct 2025 6:46pm Scott, Duncan</p> <p>Dear Coogee precinct committee,, Thank you for your correspondence to Council about the towing of vehicles obstructing access to private residences. I appreciate you raising your concerns., Rule 198 of the Road Rules 2014 provides that it is an offence for a driver who stops in a manner that obstructs access to and from a footpath or driveway. The offence attracts a minimum penalty fine of \$320. If the offence is committed in an operating school zone, the fine increases to \$410 and the allocation of 2 demerit points., I note that there are also a number of provisions under road transport law that provide for the removal of a motor vehicle from a road or road related area by NSW Police or Council Officers. However, these provisions are intentionally and appropriately limited to removing vehicles that are causing a danger or an obstruction to traffic in prescribed places such as bus lanes, clearways, T-Ways, transit lanes, and freeways., The Public Spaces (Unattended Property) Act 2021 (the PSUP Act) came into force in November 2022 to help protect public spaces from abandoned and unattended items including vehicles., The PSUP Act adequately empowers Local Council Officers to take enforcement action and move unattended or abandoned vehicles that restrict access from a residential driveway to a public place, provided the vehicle has been left in a public place. In order to do so however, Council must be satisfied that the vehicle is unattended. In practice this means making reasonable enquiries, including with NSW Police to contact the registered owner of the vehicle and advising them that the vehicle is causing an obstruction and needs to be moved., In the case of a complete obstruction and where the owner fails to take action or Council/NSW Police is unable to contact the owner, Council may begin to make arrangements to have the vehicle relocated to the closest available legal parking space. As Council does not own or operate tow trucks, we are reliant on the resourcing and availability of our approved contractors to facilitate this. In some instances, this may take 24 hours. Council will not currently consider removing vehicles where access and egress to a property are still viable and we are still actively making attempts to notify the registered owner., Thank you again for your enquiry and should you require further information, please do not hesitate to contact me.</p> <p style="text-align: center;">13 Oct 2025 6:46pm Scott, Duncan - Completion Completed by Scott, Duncan (action officer) on 13 October 2025 at 6:46:35 PM - response:</p>

Coogee Precinct Committee 18/08/2025	Ongkili, David	Precinct Resolution	150530/25	Resolution 22/25 - 128 Mount St, heritage requirements
<p>RESOLUTION (Committee) Resolution 22/25: That the Precinct request confirmation that Council officers have met with the new owner/s and informed of heritage requirements for any alterations.</p> <p style="text-align: center;">COMMENTS:08 Dec 2025 6:04pm Ongkili, David Email response sent to Coogee Precinct Committee on 8/12/2025.</p> <p style="text-align: center;">08 Dec 2025 6:17pm Ongkili, David - Completion Completed by Ongkili, David (action officer) on 08 December 2025 at 6:17:24 PM - Response sent to Coogee Precinct on 8/12/2025 - see D05956660 in F2004/08046</p> <p style="text-align: center;">17 Dec 2025 5:10pm Veloso, Riza</p> <p>Dear Precinct Chairperson/Secretary,, I apologise for the lateness in responding to the Precinct's query on this matter due to the intensity of work on the Randwick DCP that our team has been involved. , In response to the Precinct's query regarding the property at 128 Mount Street, Coogee, please be advised that in February 2025, Council officers spoke on the phone with the new property owner of 128 Mount Street, who indicated that after a three-month settlement period, they would seek to work with Council to explore options for the existing building. The owner is aware of both the Council resolution (of the Council Meeting on 25/02/2025), and the strong community interest in protecting this property. At the time, the owners advised that they would contact Council to arrange a site meeting to discuss these options and the application of heritage requirements for any alterations. We have not heard back from them regarding this offer., Following the Council resolution, we notified Council's Customer Services to monitor for any Complying Development Certificate (CDC) applications for this address that may affect the property. To date, no CDC applications have been lodged. We have also regularly checked that no Development Application (DA) has been lodged for the subject property. To date, no DA has been lodged for the property. , We have also sent a follow-up email to the owner seeking an update on any concept plans and reiterating our offer to meet on-site., In line with the Council resolution, the property at 128 Mount Street, Coogee, is included in an upcoming heritage study, which will assess the heritage significance of a range of properties in the Randwick LGA including those not recommended for listing in the 2020 heritage study and review areas impacted by the State Government's Low and Mid Rise reforms announced in February. A brief has been issued to selected consultants requesting quotes for this work which Council is currently assessing. A Council report is expected by the mid 2026, recommending properties to progress as draft heritage items for public exhibition. Meanwhile, Council officers will monitor for any CDC or DA that may be lodged for 128 Mount Street, Coogee, so that appropriate action can be taken to protect the property.</p>
