PRECINCT: Kingsford East Precinct **EMAIL:** kingsfordeastprecinct@gmail.com

MEETING DATE: 05 June 2024 **FILE:** F2024/00015

ACTIONED TO: Roxanne Fea, Manager Economic Development and Placemaking

RESOLUTION NUMBER: Resolution 06/24

Resolution:

Resolution 06/24: The Big Stable building at Newmarket

The Precinct supports this building being used for community purposes and requests that council investigate the option for the building to multifunction and to be used as a community centre for Kingsford residents.

Council response:

Thank you very much for your enquiry regarding this iconic heritage site now under the care and management of Council; we are pleased that there is such strong interest in the future use of the Big Stable.

Council is now undergoing a comprehensive analysis of the building, firstly via a conservation and architectural analysis of the condition of the Stable to determine ongoing care and maintenance of this listed site. We will then commission a potential future use review to ensure its unique heritage character, location and space is utilised for community benefit.

Council will regularly inform the community of this process including feedback as it is being implemented.

PRECINCT: Kingsford East Precinct **EMAIL:** kingsfordeastprecinct@gmail.com

MEETING DATE: 05 June 2024 **FILE:** F2024/00015

ACTIONED TO: Tony Lehmann, Manager Integrated Transport

RESOLUTION NUMBER: Resolution 07/24

Resolution:

Resolution 07/24: Rainbow St and Botany St intersection (at Paine Reserve)

The Precinct requests that Council investigate proposed pedestrian crossing at this location, or in the vicinity, be incorporated to supplement the existing refuge to allow for safer crossing.

Council response:

Thank you for your correspondence in relation to the request for a pedestrian crossing at the intersection of Rainbow Street and Botany Street (at Paine Reserve). The future North-South Paine Reserve path is forthcoming and Transport for NSW are considering providing an additional connection via Byrd Avenue.

Council will continue to work with Transport for NSW to investigate the pedestrian crossing options. Notwithstanding, as this section of Rainbow Street is a state road, please contact TfNSW.

Feedback and queries to TfNSW can sent via the following link: <https://www.transport.nsw.gov.au/about-us/contact-us/complaints-and-feedback>.
