<b>P040</b>	<b>Engage the community regarding the environmental levy</b>	<b>100%</b>
<b>Comments</b>	Council conducted an extensive community engagement program with the local community for seven weeks from 20 November 2018 to 7 January 2019. The purpose of the consultation was to inform the community about Council's proposal to continue the Environmental Levy and its impact and provide the community with the opportunity to contribute meaningfully. Activities included a reply-paid survey sent to every ratepayer in Randwick City, a random and representative telephone survey, information sessions and print and digital advertising. The consultation found general support for continuing the levy. Support amongst the general community is 72% as measured by the telephone survey and 65% amongst ratepayers sampled in the telephone survey. Of those ratepayers who responded to the ratepayer survey, support is at 54%. Council considered the feedback and resolved in February 2019 to lodge an application with IPART seeking approval to continue the levy.  IPART approved Council's application for a 5-year temporary continuation of the Environmental Levy on 13 May 2019.

<b>S079</b>	<b>Online economic information</b>	<b>100%</b>
<b>Comments</b>	Council continues to host Randwick Economy.id and the combined area Eastern Suburbs Economy.id on the Randwick Council website. Both of these interactive online data sources provide free access to current and comprehensive local, regional and national economic information and statistics to assist Randwick residents and the wider community to make informed economic decisions. The easily accessible economic information is invaluable for assistance with the preparation of businesses plans, the building business cases, providing a sound basis for business decision as well as a research database for economics students or for people who have a general interest in the local economy. Economic Development met with .id representatives in June to discuss possible enhancements and new ways to add user value to the current economy.id offer.	

## 8d Tourism

<b>P088</b>	<b>Sustainable tourism management</b>	<b>100%</b>
<b>Comments</b>	Visitors make a significant contribution to employment and the ongoing prosperity of Randwick City. Comprehensive statistics regarding international and national visitors to Randwick City have been compiled and Airbnb usage data has also been accessed and analysed in order to better understand the dynamics of the visitor economy. Preliminary discussions are ongoing with Waverley Council regarding the development of a standardised visitor cost/benefit model and a possible joint Plan of Management for the shared Coastal Walkway to set directions to ensure that all tourism and visitor related initiatives contribute to a sustainable future. Council continues to work closely with and host all Randwick City Tourism executive committee meetings.
