4There being insufficient attendees to form a quorum there was no official meeting.

Guest Presenter: Duncan Scott

Bill apologised to our guest presenter Duncan Scott, Manager of Ranger Services, for the small number of attendees but, Duncan was happy to present information on the roles and responsibilities of the Ranger Service. The presentation was very interesting and informative and he took many questions from the attendees on issues of local interest particularly on local parking concerns.

The rangers' areas of responsibility are very broad covering a wide range including community safety and compliance, animal control, parking enforcement, environmental protection and building and development compliance (More detail is in the handout attached to the email.

There are 12 rangers employed by Council operating from 6am to 10pm, 7 days a week. They have all completed at least the required certificate 3 training to ensure they are fully informed on the legislation and regulations that underpin their responsibilities.
