Join us for a FREE screening of *Kusama – Infinity* a biographical documentary film exploring the art and life of Japanese contemporary artist, Yayoi Kusama.

Trailblazer Kusama battled sexism and racism in America and the stigma of mental illness, while her hallucinations of polka dots eventually led her to the Tokyo mental institution she has called home for over 30 years.

Kusama overcame impossible odds to bring her radical artistic vision to the world stage, and today reigns as one of the most unique and famous contemporary female artists in the world.

*"I fight pain, anxiety,
and fear every day, and the only
method I have found that relieved
my illness is to keep creating art.
I followed the thread of art and
somehow discovered a path that
would allow me to live."*
