Resolution:

Resolution 2022/2

That Randwick City Council delete “Increase night time spending (6pm to 6am) by 10% by 2032 and replace with “Increase night time spending by 10% by 2032” in the Draft Economic Development Informing Strategy.

Resolution 2022/3

Coogee Precinct does not support increased late night trading in Coogee.

Council response:

The Precinct’s resolutions were included as submissions and responded to as part of the report to the Ordinary Council Meeting on 26 April 2022.

Council’s response is also outlined as follows:

Outcome 2 is focused on enabling the community to access a diverse range of experiences and services both day and night, to create a 24 hour economy.

The strategic approaches seek to shift the night life from being solely focused on drinking and dining. They include changes to the planning framework to enable small, low impact businesses to trade later or host cultural activities.

Marketing and promotion of Randwick’s night life experiences will be important as well as seed funding to trial new activities.

Partnerships with businesses to boost events the City produces and markets and food trucks all play a role in a vibrant 24 hour economy.

Any changes to the planning framework such as trading hours are subject to the consultation, planning regulation and assessment process. This process considers impact on residents and provides an opportunity for community feedback. The strategy is also supported by Randwick's Integrated Transport Strategy which outlines Council's approach to creating sustainable transport options.
