

09 June 2022

Ref No: D04595724

Dear Resident / Business Owner,

Re: Coral Sea Park Update

Randwick City Council continues to support the active lifestyle our community enjoys by investing in quality community recreation infrastructure, such as the synthetic all-weather playing field that will be installed at Coral Sea Park. This letter provides an update for you on the projects happening at Coral Sea Park.

Pipe relining project

Before we begin construction on the all-weather playing field, Council is undertaking necessary work relining a stormwater drainage pipe under the park.

This pipe recently failed during recent heavy rains, which has resulted in a number of sink holes occurring throughout Coral Sea Park.

The works involve excavation, pipe relining, installation of pits and pipes and laying turf. These works will fix the leaking pipe and prevent any future water erosion which caused the sink holes. This work is supported by the NSW Government Local Roads and Community Infrastructure Program, as well as Council funding.

Work is expected to commence during the week of 13 June and is anticipated to be complete in July 2022 (weather permitting). There are currently no night works planned for the duration of the project. There will be localized closures of the field, however the existing configuration of fields will not be affected.

Synthetic field construction

Once the pipe relining works are completed, construction of the new all-weather synthetic playing field will begin. During this time only the area of the playing field that Council is working on will be closed, the eastern side of the park will still be open for use. Please use this QR code to learn more about the project and see the concept plan.

Playground update

The playground at Coral Sea Park has been under construction for the past few months. It is due to be complete by the middle of July. An opening date and details of the official opening celebration will be sent to local residents soon.

Should you have any further questions or queries, please do not hesitate to contact me on 02 9093 6712.
