

# Precinct resolution

**PRECINCT:** Clovelly Precinct **EMAIL:** precinctclovelly@gmail.com

**MEETING DATE:** 13 February 2023 **FILE:** F2005/00497

**ACTIONED TO:** Todd Clarke, Director City Services

**RESOLUTION NUMBER:** 13022023(1)

---

## Resolution:

Resolution 13022023(1) That the Clovelly Precinct Committee endorses the Actions proposed at the Friends of Clovelly meeting on December 14th namely:

### Short term measures

- Council to consider fast-tracking and prioritising initial community consultation in order that the \$250,000 spend on appointing a designer/architect will result in a brief that is relevant and reflects the desires of the community:
- Council to explain how the existing Clovelly Bay Plan of Management can be used to guide our decisions regarding Burrows Park:
- Council to instal fresh drinking water in the park:
- Consult the community on the amenities building – the aesthetics – how the block might look in the future (ideas include a living roof and more undercover outside areas).

### Medium Term Measures

- Develop signage to introduce visitors to the wildlife in the area:
- Ensure that the playing surface of the park and that of the dog park are optimised using irrigation and turf management.

---

## Council response:

### Short Term Measures

Council is currently procuring the services of the lead design consultant (architect) for Burrows Park. It is imperative that the design consultant is on board and actively participates in the community consultation process.

The community consultation process will consider the aesthetics of the building as requested.

The project will consider the Clovelly Bay PoM and its objectives in the consultation and design phase of the project.

Council will install a fresh drinking water fountain as requested.

### Medium Term Measures

Wildlife signage will be taken on notice and in consultation with Councils Bushland Team will be considered and an appropriate response provided.

Community consultation will consider if works are conducted in any way of the sporting field and surrounding areas.
