BANNER MATERIAL AND DIMENSIONS

Material

The banner being constructed of **sail type material** that will not tear in the wind and thereby present a hazard to traffic. Poor quality vinyl type banners will not be installed as they tear easily and pose a safety threat to the public.

Should your banner arrive and it is not made of SAIL TYPE sturdy material we will not be able to install it as it may rip in the wind and become a traffic hazard.

Dimensions and Style

5 metres long	1.2 metres high.	Banner must have a minimum of eight (8) eyelets, four (4) corners and one (1) in the centre of each side.
---------------	------------------	---

Banners are to have a rope sewn along the length of the banner extending out at the corners and air holes to be cut into the banner to allow wind to pass through the banner in high wind areas.
