...your environmental ideas and suggestions for a greener and more sustainable future for the City of Randwick.

Do you have an idea that will help save energy, water, reduce waste or protect our natural environment? Maybe you're taking your own steps to reduce the use of your car, re-use plastic bags or reduce the amount of packaging material you take home in your shopping. Your idea could be for the home, your school or workplace; we'd love to hear from you.
