

Resident Parking Permit Guide & Application Form

Effective 1 July 2019 to 30 June 2020

ABOUT THIS GUIDE AND APPLICATION FORM

Use this application guide and form to apply for a Resident Parking Permit. Please read this guide before completing the form.

HOW RESIDENT PARKING PERMITS WORK

1. There are multiple Resident Parking Scheme Areas in Randwick Council. Parking permits are issued for a specific area and are valid only within the area shown on the permit.
2. If the area number on your permit matches the area number on the street sign, your vehicle is exempt from the time restrictions in that location.
3. Not all streets in your parking area will have parking spaces which exempt permit holders from time restrictions. A parking permit does not guarantee a parking space.
4. A parking permit does not exempt the vehicle from general road signs such as “No Parking” etc.
5. It is the driver’s responsibility to carefully read any signs before parking their vehicle.

PART C – PROOF OF USE OF OFF-STREET PARKING

You must provide the registration papers of other vehicles registered at the same address shown on this application form to show that any existing off-street parking is in use by another vehicle.

The maximum number of parking permits issued per household is 2. The number of permits a household may be entitled to is limited by the number of off-street parking spaces available and the number of cars registered to that address. Randwick City Council will review the number of garages, carports and other off-street parking spaces at the applicant's property. Council will also assess whether the property can be reasonably modified to provide off-street parking facilities.

Permits will not be issued where the resident has made off-street parking unavailable due to a change of use (i.e. using a garage for storage), granted usage to a third party or where the vehicle is too large to fit into the off-street space.
