Registration Form

Randwick City Council encourages community participation in the greening of our streets and reserves.

Council is keen to see the community involved in the development of local parks and reserves, tree planting and the raising of awareness of environmental issues.

However, we must make sure that any projects are carried out in an appropriate manner that ensures both the success of the project and the safety of the participants.

Council needs to know who is involved in these projects and that these people fully understand conditions applied to volunteers involved in such projects.

A minimum of five (5) households are required for any particular Community Street Tree Planting Project to proceed. Please ensure that the conditions below are read and fully understood before registering your name on the first line, with additional participants registering on subsequent lines.

When you have completed the form, please return it to Council for assessment.
