PRECINCT: Randwick Precinct **EMAIL:** Randwickprecinct@gmail.com

MEETING DATE: 07 June 2023 **FILE:** F2004/07724

ACTIONED TO: Joe Ingegneri, Manager Technical Services

RESOLUTION NUMBER: 07062023(1)

Resolution:

Resolution 07062023(1): Could Randwick Council please provide a lighting survey of Belmore Road between Avoca and Arthur Street.

Background: Issue with the pedestrian crossing on Belmore/Silver Street being very dark and hard to see people crossing at night.

Council response:

Council has conducted a visual night-time lighting survey in Belmore Road between Alison Road and Avoca Street on 19th July 2023.

There were no outages found with any of the existing streetlights or floodlights at pedestrian crossing points.

One floodlight on the southwestern side of Belmore Road and Silver Street has been replaced with a 150W energy saving LED fitting (formerly a 400W SON – sodium).

The lighting at this pedestrian crossing is considered satisfactory and no further action is currently required for this crossing.

ACTIONED TO: Joe Ingegneri, Manager Technical Services

RESOLUTION NUMBER: 07062023(2)

Resolution:

Resolution 07062023(2): Could Randwick Council please provide an update on the status of the project and advise what has happened to the funding allocated in previous years.

Background: undergrounding of wires at The Spot. The project was allocated funding in previous years budgets and keeps reappearing each year however no work has commenced, and no updates provided.

Council response:

Council is still committed to undertaking this project. Unfortunately, there have been unforeseen delays in the design of the project. The electrical design and civil design have been completed. The landscaping design is being finalised.

We plan to place the design proposal on public exhibition towards the end of the 3rd quarter or start of the 4th quarter of 2023.
