**RESOLUTION
NUMBER:** Resolution 14/25

Resolution

Resolution 14/25 That Council be advised of situation to arrange repairs [regarding deteriorating & dangerous footpaths/paving on Bream St between Beach and Arden Sts]. Photos attached.

It was noted that the Snap/ Send/ Solve App was also an option for reporting these type of issues.

Council response

Apologies for the delayed response and thank you for bringing this matter to our attention.

Council's Footpath Officer has since inspected the site, and we are currently in the process of organising the necessary repair works. Given the condition of the paving and the high pedestrian activity in this location, we will look to prioritise these works for completion as soon as possible.

That said, due to the high volume of ongoing maintenance works across the area, it may take approximately 3–4 weeks for the repairs to be carried out.
